

2025 APRIL (4/14—4/29)

CROSS-UNIVERSITY OPEN EMI CLASSROOM OBSERVATION

The NTNU Resource Center for EMI cross-institutional resource integration project encompasses 6 universities, featuring 6 open classroom observation sessions. It also convenes expert discussions aimed at addressing the challenges of EMI courses and inspiring possible solutions.

This integration not only strengthens collaboration with universities but also maximizes the application of resources. It facilitates the seamless exchange of EMI teaching materials and best practices, fostering a more cohesive and supportive academic network.
